This report describes the influence of planets on your character and life. You may find repetitions or contradictions in the report which only show the interactive nature of various planets on your life.

## Wealth, land and properties

Land and properties, wealth, family, speech, food and skills are some of the important topics highlighted by the second house in a horoscope.

As the 2nd lord is in the ascendant, there is little doubt that you ultimately make money. However, your relationship with your parents and siblings will be far from satisfactory. Even in youth, you will look beyond the home for comfort and pleasure. You may resent your parents and see them as barriers to your progress and happiness. In business, you must remain vigilant so as to avoid fraud. Your financial fortunes will rise and fall intermittently, and therefore cause you much worry. You are occasionally abrupt or rude to others.

Since Rahu is positioned in your 2nd house, fluency of speech may be affected. There will be something remarkable about your face. You will be sensitive. You may make money from the government.

Since Sun and the second lord are positioned in the same house, you will not hesitate to utilise your knowledge and wealth for the benefit of the people and the world in general.

Since Mercury and the second lord are positioned together, you can earn a name in fields related to literature as well as mathematics.

Since the second lord is aspected by the fourth lord, there are chances of your gaining wealth through maternal connections.

### **Property, Education etc.**

The fourth house of your horoscope refers to property, education, mother, vehicles, and general happiness.

In your horoscope the lord of the 4th house is occupying the 4th itself. Even as a child, your love of tradition, community, and family will be recognized by others. You will acquire financial strength and will be extremely respected in society. You may be considered to have a hedonistic streak.

As Saturn is the lord of the 4th house, even as a child, you will demonstrate your leadership capabilities. Friends and classmates will readily accept you as their leader. You may assume a position of group leadership. When you grow up, you will have the ability to govern, and may be a responsible administrator.

You are likely to take up religious studies either on a full time basis or for your emotional satisfaction. You will be deeply committed to your field of inquiry.

Since Saturn is seen occupying the fourth, you may appear unhealthy. You will feel that you have lacked adequate love or attention from your mother. You are generally lethargic, and like to be left alone. You may have problems with some relatives. You may have problems with cars or houses. Your family life can be made more pleasant through your effort.

It is to be particularly noted that Mars is in the exalted position. This will generally minimize any bad effects otherwise described regarding acquisition of houses and land.

### **Fortune, Prosperity, Inheritance etc.**

In your horoscope, the lord of the 9th is occupying the 6th. This is not a beneficial position. As a child, you may be alienated from other children your age. You may have a limited number of friends even as an adult. The health of your father may be unsteady. Chronic ailments are a possibility.

It is significant that there is a beneficial influence of Jupiter on the 9th house, and this reduces any other bad effects.

### **Income**

The eleventh house mainly gives indications regarding income and sources of income.

As the 11th lord is in the ascendant, you will be born in a rich home, and will earn wealth yourself. You may miss having an older brother. You have the ability to choose the good and reject evil. You will do well in a profession where your eloquence or discernment can be utilized effectively.

Eleventh lord is in a Kendra position. Therefore, you will be able to enjoy wealth.

### **[Gem Recommendation](#)**

Gems are wonderful creations of nature. Crystals have many special properties and find applications in scientific areas including electronics. Crystal oscillators, diodes, piezo-electric crystals etc. are examples. Gem stones are found in natural form in many shapes and colours. They differ in physical and chemical properties from one another. The stones are cut and polished to give the required beauty and shine.

From ancient times scholars have associated gems with planets, based on the colour and the effect that is produced by wearing the same. Not only the Indians but Chinese and Egyptians believed in the mystical and therapeutic qualities of gem stones.

The science of gems and astrology is now brought closer to the common man as a result of the research work done by Astro-Vision.
